The screenshot shows the 'Mid-Atlantic Logger Training Series' page on the EXTENSIONSERVICE ONLINE LEARNING COMMUNITY. The page includes a navigation sidebar on the left with options like 'Participants', 'Badges', 'Competencies', 'Grades', and 'Programs'. The main content area features a header for the training series, a progress indicator, and a list of programs. A red arrow points to the 'Maryland/Delaware Master Logger Program' link in the list.

Mid-Atlantic Logger Training Series

You are enrolled in the course.

The Mid-Atlantic Logger Training (MALT) Webinar Series is live every 4th Tuesday between May 2021 and November 2021. Each session is worth 1.0 Logger Training Continuing Education Credit towards MD-DE, VA, OH, & WV Logger Programs. Archived versions of these webinars are provided here for access anytime. You will simply need to watch the webinar and answer a few review questions throughout the video presentation.

Instructions:

1. Choose the primary state program you participate in.
2. Under that State's program title, select one of the archived webinars.
3. Watch the webinar video and answer the questions. Make sure to watch until the end and click the submit scores pop up box -- you must complete this step to activate the certificate.
4. Look for a copy of your certificate in your email. Once issued, it will also be available to click on, just under the title of the course you completed. The certificate will also be immediately sent to the program coordinator for the State you selected. If you have other state programs that you also participate in, you will need to submit your certificate directly to that program.

FINALLY Please update your profile with your State's logger program number before continuing. This will ensure that your number will be included on the completion certificate so it can easily be added to your official records.

[LINK TO ADD YOUR NUMBER HERE](#) -- Scroll to the bottom to "Licenses and certifications". Enter your number for each of the programs you participate in.

If you have any trouble with these webinars, especially if you completed a section and a certificate was not issued, please contact ben.sponge@mail.wvu.edu. We can review the detailed logs to confirm your efforts and manually send a copy of the certificate to you and your state's program coordinator.

The MALT Team hopes that these training sessions are convenient, interesting, and relevant to your work in the woods.
