## **Grantsville 4-H Club News**

*Jasmine Ramsey, Reporter*

The Grantsville 4-H Club met on September 10th. The club talked about how fair went for each of our members. The members discussed they would like to start learning more about the skillathon and tractor operators by learning a little bit each month. We discussed our future fundraisers and that we were accepting glass donations for the dime toss booth for next summer. The kids that attended our trip to Idlewild talked about how the trip went and the fun they had. We will be working on record books at the next meeting. Our next meeting is on October 1st.
