

Between the Issues Update

May 11, 2012

As soon as Branching Out is published each quarter, new events and information become available that we feel is important to share in a timely manner. From time to time, we may send out a "Between the Issues Update" that will keep you informed year-round of new information as it relates to forest stewardship education. Three updates are below:

1. Congratulations to the new Maryland Woodland Stewards Class of 2012! Many thanks to each of them for their dedication, commitment, and great enthusiasm! We wish you well as you begin work to raise awareness about good forest stewardship and wildlife management.
