Red House 4H Club News

Braden Harvey, Reporter

The Redhouse 4-H club held their regular monthly meeting on Wednesday, January 1, 2025, at the Redhouse St. John Lutheran Church. The meeting was called to order by President, Brianna Tasker, and pledges were led by Brena Ashby. Secretary Alyssa Nice did roll call, and treasurers report was given by Will Dixon.

Under old business: members turned in their record books and if they didn't, they were told they must have them turned into Nikki by the 24th. Also, any member that hadn't signed a livestock contract was asked to sign one.

Under new business we went over what activities we would like to do each month for the year 2025 and got the calendar set up. All members were given a detergent fundraiser to sell this month and it's to be turned in at our February meeting. Members were reminded that open enrollment would open this month and that they would be required to sign up for what livestock projects they would like to take. We also had a representative talk to us about the Beyond the Stars Jackpot show that will be held May 16-18 at the fairgrounds. This jackpot is in memory of a past 4-H member, Kenzie Wilt that had a huge impact on many members, that passed away unexpectedly. This year the jackpot will be for steers on Saturday and goats on Sunday as these were the main animals she showed. There will also be a clipping clinic on Friday. You must register through the Showman App.

The meeting was then adjourned by Alden Bachtel and second by Brent Friend.
