Remember, the fair is now using ShoWorks, which does have a ShoWorks App that you can download to complete entries too. You can still enter through the ShoWorks website, but you will need to create a new account. A link to the entry system can be found on the fair website: www.carrollcountyfair.com Make sure to get your fair entries entered early and don't wait until the last minute. **No late entries will be accepted.** If you need to use a computer to complete entries, stop by the Extension Office 8am-4pm and we will help you. **If you have any problems/issues with the entry system, contact: entries@carrollcountyfair.com**

New Family/Parent Fair Orientation

Are you a new 4-H parent and feeling very overwhelmed by the rules, process or how to even register for the Carroll County 4-H & FFA Fair? Or, are you a family that joined Carroll County 4-H during COVID and still can't quite get a grasp of procedures? We know that it can be very overwhelming to get started in the 4-H program and we would like to set you and your child up for success. We will be holding a New Family Parent Orientation on Friday, May 19th at 6:30pm. We will be going over various procedures and policies, as well as help you with your fair registrations. This will be a great opportunity for you to ask 4-H related questions that you may have. If this is your first year in the program, or you just have questions, we highly encourage you to attend. This will be an adult/parent meeting. There will not be any youth programming provided during the evening. Please email Becky at bridgewa@umd.edu or Jennie at jchameli@umd.edu if you have any questions.

Livestock Judging

Are You Ready? The next practices will be on **May 11th and May 31st at 7pm at the Extension Office**. We will be starting with the basics: parts of the steer/heifer, gilt/barrow, ewe/lamb and moving on to why it's important to know these parts and how it helps to talk about the animals. In later sessions, we will watch some videos of these animals and learn how to see the good, the bad and the ugly in the 4 animals in the class. Starting in June, we will travel to area farms and judge the animals live and in person.

Horse Safety Class

If you are a 1st year Horse Exhibitor, you are required to attend one of the horse safety classes offered. Exhibitors will learn about horse safety, along with an orientation about what happens on show day at the fair and what you need to bring. **If you haven't already attended an earlier class, the last one being offered is on May 8th at 7 P.M. at the Extension Office.**

Horse and Pony Cards

Horse and Pony ID Cards can be completed at the link provided below or a paper copy can be submitted. Please fill out the electronic or paper copy by **May 31st**. A paper version of the ID card can be printed from the online *Tribune*. If you have any questions, please call the Extension Office at 410-386-2760. May 17th—MMO Percherons

Horse Rulebook and Bit Guide for 2023

The Maryland 4-H Horse Program has updated the Maryland 4-H Horse Show Rulebook. Additionally, in order to provide education and clarification on acceptable bits and bridles, a Maryland State 4-H Bit and Bridle Guide is available. This guide should help exhibitors to understand what bits are and are not acceptable for given classes before coming to a Maryland 4-H show. The rulebook and bit guide can be found here: [Maryland 4-H Horse Program Webpage](#).

Poultry and Rabbit Registration Forms

The Poultry and Rabbit Registration Form is REQUIRED for those exhibitors planning to exhibit at the county and/or state fairs. Please fill out the form attached (online only) and submit to the CC Extension Office by **June 1st**.

Poultry Orientation

If you plan to OR are thinking about entering in the Poultry department at the 2023 Fair, you will need to attend one of the orientations. The last one being offered is scheduled for **Thursday, May 4th at 7 P.M. at the Extension Office**. You need to attend if you think you are going to show poultry, eggs, a poster and if you are a clover. This includes first year exhibitors or returning exhibitors. These orientations will explain entering, knowing what breed you have, expectations of you during fair week, what to expect from the poultry committee during fair week and the ever-changing fair schedule. It is nearly certain that there will be lots of changes in the schedule for this year. If you showed in the Poultry Department in 2022, you are required to have completed a Poultry Project Record in order to exhibit in the 2023 fair (Clovers exempt). There will not be ANY make up orientations and there will not be ANY online opportunities to complete the orientation. Please do not put off attending this last orientation. Remember you are required to attend 1 (one) of the in-person orientations in order to exhibit. Any questions, please call Nancy Carlisle at 443-605-5134.

Children's Day 2023 at the Fair—4-H Clubs are Invited to Participate

Attention all 4-H and all FFA clubs! The Fair will once again be hosting Children's Day on Tuesday, August 1st, from 9:00 A.M. to 2:00 P.M. and we need your help! In previous years, more than 1,200 children have attended this event at the Carroll County Fair, and this success has been due to the participation of 4-H clubs, members, and volunteers!

We are asking that clubs sign up for a make-it and take-it craft table as in the past, or to volunteer. The tables or stations can be 2.5 hours or all-day (5 hours) time slots. When preparing these games and crafts, we ask that you keep agriculture, farming, and 4-H in mind. Remember that these activities should engage our youth and encourage them to stay for the day! If you or your club would like to help with Children's Day, but cannot attend that day, we are also looking for donations! You could provide a monetary donation, a donation for goodie bags, or items such as face paints, crayons, etc.

We hope that your club will be able to participate in some way, as it will be a wonderful opportunity to promote and educate young children and their families about the great 4-H program and agriculture here in Carroll County! To sign up for a make-it and take-it table, to volunteer, or to provide donations, please follow this link: <https://tinyurl.com/CCChildrensDay23>

The Silent Auction Committee is reaching out to local 4-H and FFA Clubs to help make this a memorable year. We are searching for donations of filled baskets, bags, services, antiques, etc. for the Silent Auction that will be held July 29th-August 4th. All proceeds from the silent auction help support future activities for our youth. Funds help pay 4-H state contest fees for members. For questions, or if you would like to donate items, please contact Tracey Paulsen at 443-722-6659 or paulsen66@comcast.net.

Fair Reminders

Everyone is welcome to participate in Fair Board meetings held at the Extension Office/Ag Center. The next meeting is: May 24th at 7:30 P.M.

Too many ribbons? Don't throw them away. If they are in good shape, drop them off at the Extension Office and we will recycle them for next year.

2023 Fair Dates—July 29—August 4, 2023 **2023 Fair Theme**—The Power of YOUth

Indoor Building Updates: Plans continue for the 2023 Carroll County 4-H & FFA Fair. This month I will cover two departments. I will start with the **Home Environment Department** because changes have been made to the wording in many classes. Please read the complete descriptions of the classes in the fair catalog online. These changes should make classes clearer for 4-Hers entering.

The second department is the **General Department**. There will be a special award given to the champion Vet/Animal Science project. Anyone who enters the Vet Science or Livestock Class in the General Department will be considered for this award.

At the March Fair Board meeting, a vote was taken on the processing fee. There will be no processing fee for the 2023 County Fair. It will start with the 2024 County Fair. As a 4-H leader for many years, I would advise my club members that whatever they might want to enter at the fair needed to be pre-entered in those classes by the entry deadline. That mindset needs to be changed. Just as businesses see their expenses increasing, so does the Fair Board. The cost of processing entries is increasing. We want our 4-Hers to enter all of their exhibits and we want our buildings full of exhibits. For the example, if a flower or item in garden products hasn't been planted by the fair deadline date, it wouldn't be big enough in bloom or ripe enough to exhibit at the fair. So, there would be no reason to enter that item in the county fair.

Each pre-entered item in the fair costs the fair \$0.25. So if a 4-Her was to enter all 76 classes in the crafts department, the fair would be paying \$19 for those pre-entered items. As much as we would love to see a member enter all 76 classes, that most likely is not going to happen and is costing the fair in the end. Then multiply the money spent on hundreds of pre-entered items that don't show up fair week. Also, take the time to consider what projects you may actually complete to enter in the fair and remember there is a simple substitution system within the indoor departments. You can take an entry tag in crafts, change the class number and name and then attach it to the exhibit. However, substitutions can only be made within the same department.

An update for club entries –The plan is to not have entry tags for most club entries. Next month I will conclude with the Foods Department.

Sandra Stonesifer—Indoor Superintendent—410-857-0416 or sandys46@netscape.com

NARRATION: Write a three-minute script limited to one side of an 8 ½" x 11" sheet of paper, double spaced. Please attach your narration. Remember that it's much easier to model your garment on stage **while** the narrator has interesting things to say!!! Do a good job of describing your garment and your work creating the garment. You may also add what clubs you are enrolled in and the 4-H projects you carry. For example, "Sally made a red dress with white polka dots" we can see that, it should say, "Sally chose this fabric because she loves the color" the narration tells us about the person, what they learned, and what they do in and outside of 4-H. This will be read during the CC 4-H Fashion Show. (You may submit the script used in your county/city Fashion Revue electronically.) You may send with this form or email to: Becky Ridgeway at bridgewa@umd.edu. **Due May 26, 2023.**

Dear Carroll and Howard County 4-H Swine Members;

We will be holding our 1st Carroll-Howard 4-H Swine Classic for Carroll and Howard County 4-H members. There will be two opportunities for our swine exhibitors this year. The first is a swine showmanship clinic on Friday, June 16th, 7pm at the Howard County Fairgrounds. The second will be the Carroll-Howard 4-H Swine Classic held at the Howard County Fairgrounds on Saturday, June 17th.

Please read the important information below concerning Swine Classic.

- The Swine Showmanship Clinic is an additional opportunity at no-cost and will be led by our senior 4-H members. You are encouraged to bring in your pigs this evening for some additional hands-on practice in the show ring before the show the next day. The Showmanship Clinic will be held on Friday, June 16th, 7pm at the Howard County Fairgrounds.
- The Carroll-Howard 4-H Swine Classic will be held at the Howard County Fairgrounds on Saturday, June 17th. You are able to show off your trailers, but we are not responsible for any loose pigs and note the sound system does not reach outside of the barns. If you decide to use any pens, you are responsible to clean them and take all bedding home. You are welcome to start coming into the fairgrounds after 5pm on Friday, June 16th and house overnight. Please note that we are not responsible for leaving pigs overnight as there is no security on the grounds.
- Showmanship classes will start the day and you will show by your 4-H age. First year swine showmen will be divided into appropriate first year classes.
- For the first year there is a limit on 2 pigs per exhibitor. Breed classes will be determined by the 5 breeds with the highest number weighed-in. All other purebreds will go into an All Other Purebred division. In the crossbred division we will have 3 division champions. At the end of the show we will be selecting the top 5 market hogs.
- There will be a \$15.00 entry fee per child entered. This is to offset the cost of Swine Classic. Please make checks payable to **Carroll County 4-H/FFA Fair. Howard County 4-Hers, please fill in as much information as possible as we understand your animals will not be tagged by the deadline.**
- More information will be emailed once we receive registrations and they have been processed. Start time of the show will be based on the number of market pigs preregistered.
- We are still looking for sponsors for all of our 4-H Classic Shows. Please see the attached donor letter if you are willing to donate to the show. Donations help to cover the cost of awards and judges fees.

- **All entries are due May 31, 2023 and are to be mailed to the Carroll County Extension Office at the following address: Carroll County Extension Office, Attention Sheep/Goat Field Day, 700 Agriculture Center, Westminster, MD 21157**

If you have any questions, please don't hesitate to reach out to Becky at bridgewa@umd.edu or 410-386-2760 or Sheryl Bennett at sherylb@umd.edu.

University of Maryland Extension programs are open to all and will not discriminate against anyone because of race, age, sex, color, sexual orientation, physical or mental disability, religion, ancestry or national origin, marital status, genetic information, political affiliation, or gender identity and expression. Information provided to UME may be used and shared within UME, the University of Maryland and the University System of Maryland and with outside entities as necessary or appropriate in accordance with applicable law and the mission, purpose and functions of UME and the University. Because the University is a State educational institution, such information may also be subject to disclosure under the Maryland Access to Public Records Act. A person may inspect and/or correct his or her personal information as provided by the Maryland Access to Public Records Act and/or applicable University policy. The purpose of these materials is to enroll all market and commercial animals with the 4-H Tagging Program and to ensure members will receive all materials. By not providing all requested information, an individual may not receive materials associated with the project and may not be permitted to participate in shows in which animals must be tagged with the Maryland 4-H Livestock Tag.

University of Maryland Extension (UME) 4-H Code of Animal Science Ethics

4-H members enrolled in animal science projects (e.g., beef, camelids, dairy, dog, goat, horse, poultry, rabbit, sheep, small pet, and swine) shall, at all times, conduct themselves with honesty and good sportsmanship, including while with their projects and at all 4-H animal science activities and events. Their conduct should always reflect the highest standards of honor and dignity to promote the advancement of 4-H and its animal science program. 4-H members, as well as parents, UME volunteers and others working with them, are under an affirmative responsibility to do more than avoid improper conduct or questionable acts; and their conduct and values must serve as a positive influence on others.

This Code of Ethics applies to all 4-H members who are enrolled in animal science projects, and to others (4-Hers, parents, volunteers, owners, etc.) who participate in the animal science program; and it covers daily animal care, as well as participation in competition and other 4-H animal activities and events.

4-H members and others who violate this Code of Ethics demean the integrity of 4-H and its animal science program. 4-H members who violate the code of animal science ethics are subject to sanctions including, but not limited to, forfeiture of premiums, awards, and/or auction proceeds and may be prohibited from participation in 4-H or 4-H/UME events or activities; other violators may also be subject to sanction, as appropriate. Infractions may be reviewed by 4-H and/or UME (on the local or state level, as appropriate to the infraction and to the event and/or activity in question), and/or may be subject to a fair oversight committee or other entity that oversees an activity or event. In addition, some acts may also be subject to review based upon the *Maryland 4-H Youth Code of Conduct* and/or other UME policies.

The following is a list of standards and requirements for all 4-H animal science projects, at all times, whether at home, at animal exhibitions or events, or any other 4-H event or activity.

1. The care of all 4-H project animals is the responsibility of the 4-H member. 4-H members must properly care for and groom their animals for the duration of their project.
2. All project animals must be housed at the 4-H member's residence unless a different location is submitted to and approved in writing by the local 4-H staff. Any change in location must be approved in writing by the local 4-H staff; however, it is not necessary to report direct transport to and from shows or other events.
3. Upon request of 4-H, UME, or other program, fair, event or animal officials, 4-H members must present proof of ownership, length of ownership, identity and/or age of all 4-H project animals owned or leased. Misrepresentation of ownership, age, or identity of animal, or any facts relating thereto is prohibited. If a 4-H project animal is sold in a livestock sale, it is no longer eligible to be shown in a 4-H event in Maryland in that year.
4. 4-H members must provide appropriate animal health certificates upon request of 4-H, UME, or other program, fair, event or animal officials.
5. 4-H project animals must be presented to competition, activities and/or events, where they will enter the food chain, free of volatile drug residues. Animals which are presented to competition, events and/or activities that do not culminate with the animal entering the food chain, shall not be administered drugs other than in accordance with applicable federal, state, and local laws, regulations and rules. 4-H project animals shall not be exhibited if drugs administered in accordance with federal, state, and local regulations and rules may affect the animal's performance or appearance at the event. At any time after an animal arrives on a fair or other 4-H activity or event premises, a licensed veterinarian must administer or, in consultation with fair, event, UME, or 4-H officials, direct the administration of any treatments involving the use of drugs and/or medications. Drenching at any time after an animal arrives on a fair or other 4-H activity or event premises is prohibited, except when performed or directed by a licensed veterinarian in consultation with fair, event, UME, or 4-H officials for the sole purpose of protecting the health of the animal.
6. The act of enrolling in a 4-H animal science project, and/or entering a project animal in a 4-H competition, show, activity, or other event, gives consent for 4-H or UME or event authorities to obtain any specimens of urine, saliva, blood, hair, tissue, or other substance from the animal to be used for testing purposes including, but not limited to, drugs or identification. It is presumed that the sample of urine, saliva, blood or other substance tested by the approved laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved, and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the 4-H owner to prove otherwise at any review in regard to the matter conducted by a fair or other event or the 4-H program. If the laboratory report on the chemical analysis of saliva, urine, blood, hair, tissue or other sample, taken from a 4-H animal science project, indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally.
7. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counter irritant, or similar substance) which could affect the animal's performance or alter its natural contour, conformation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.
8. Using ice, ice packs, cold packs, or cold compresses, internally or externally, other than those prescribed to relieve heat stress or a medical condition as diagnosed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.
9. The use of showing and/or handling practices or devices, such as striking animals to cause swelling, using electrical devices, or other similar practices, are not acceptable and are prohibited.
10. All judges, fair and event officials and/or UME/4-H staff and volunteers shall be treated with courtesy, cooperation, and respect, and no person shall direct abusive or threatening conduct toward them or toward exhibitors or others participating in the activity. In addition, direct criticism or interference with a judge, fair, show or event official, exhibitor, breed representative, or UME/4-H staff or volunteer before, during, or after an event or other activity is prohibited.
11. No one shall violate this Code of Animal Science Ethics or conspire with another person or persons to intentionally violate this Code of Ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this Code of Ethics.
12. The application of this Code of Ethics provides for absolute responsibility for an animal's condition to the 4-H member whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this Code of Ethics.
13. By enrolling in an animal science project and/or entering an animal in a fair or other 4-H event or activity, the 4-H member, and his/her parent or guardian, consent to have disciplinary action taken by appropriate authorities (including UME, 4-H, fair, event and/or other activity officials) for violation of this Code of Animal Science Ethics and/or any other applicable rules of UME, 4-H, a fair, activity or other event, without recourse against UME, 4-H and/or other authorities. In addition, the 4-H member, and his/her parent or guardian, further understand and agree that any action which contravenes these rules, and is also in violation of federal, state, or local laws, statutes, regulations, or rules, may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

By signing this form the 4-H member and his/her parent or guardian each verify that they have read and understand the UME 4-H Code of Animal Science Ethics and the consequences of and penalties provided for violations of the Code.

4-H ANIMAL SCIENCE PROJECT ENROLLMENT STATEMENT

I have read and understand the UME 4-H Code of Animal Science Ethics, and I consent and agree to abide by the UME 4-H Code of Animal Science Ethics. I understand this Statement must be signed by both the 4-H member and his/her parent or guardian, will be kept on file in the local 4-H office, and will apply to all 4-H animal science activities and events.
